Carolyn Gardhouse with Kinellar Novelist,
latest addition to the Aberfeldy herd bull battery.

We hope you'll be with us

SATURDAY, AUGUST 31, Milton, Ontario

Scene in front of the home at Aberfeldy. This group of females sold in the 1954 Aberfeldy sale. Great cows like these have made the annual Aberfeldy sales a haven for herd advancement.

Welcome Again To Aberfeldy...

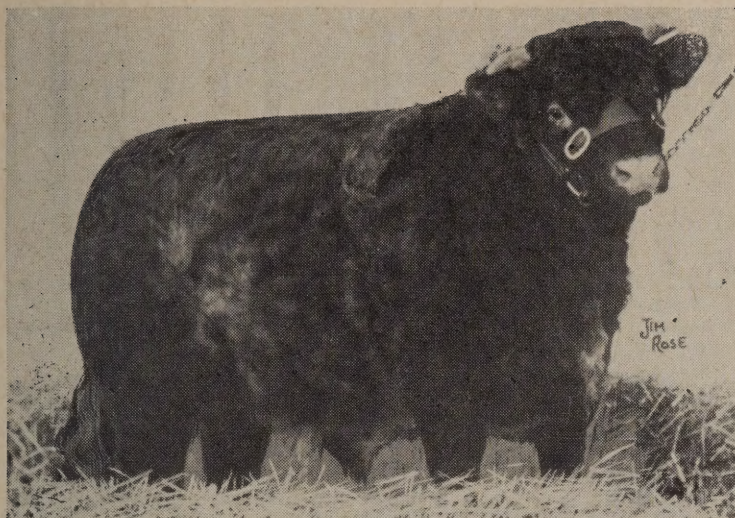

Another twelve months have passed and again we invite all lovers of Shorthorns to be with us on the occasion of our Sixth Annual Sale. The acceptance of our productions in the past has been gratifying. We appreciate the confidence that has been placed in our breeding operations by 178 different buyers from 32 states and provinces. To offer a better group of animals each year is a difficult task, but this has been our ambition. We will leave it to you to tell us whether we are accomplishing our goal.

It has been our practice to sell our entire calf crop each year. In this way our customers get the opportunity to buy our tops with nothing taken out. For our herd replacements we purchase imported females direct from Scotland. With but three exceptions our entire breeding herd are imported females. Our latest importation included six animals from Calrossie.

From the 1957 Perth Sale came Kinellar Novelist by Gallant Marshall. We are very proud of this young sire. He is being used liberally in the herd. Many of the sale females carry his service.

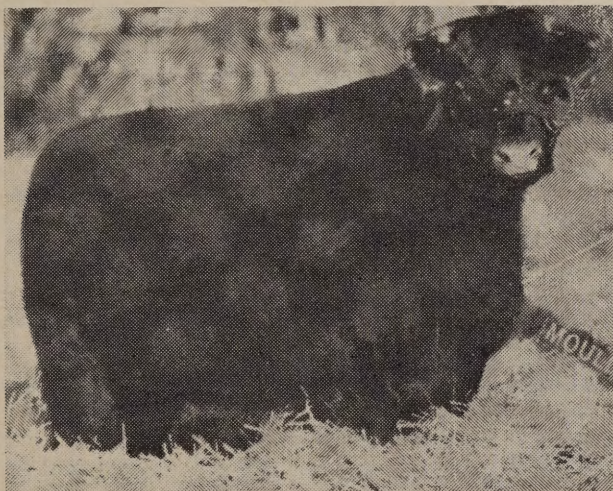

Sale day is our achievement barometer. We hope you will honor us with your presence that day to measure our success in producing top quality Shorthorns.

Beaufort Cup-Tie: (By the 4,000 gns. Cruggleton Guthrie) was purchased at 4,300 gns. for use at Saltoun. I have not seen the calves at Saltoun but they tell me this is one of the good breeding bulls in Scotland today.

Calrossie Crocus Count: See notes on Kair Ambition, reference sire. He is the most prepotent son of Calrossie Welcome and perhaps the greatest sire of his day.

Burnton Princess Royal 37th (Imp.): From the Princess Royal family at Burnton that has produced many show winners and high selling animals. She was one of my selections out of our 1956 sale as a top brood cow and this bull proves her value as a breeder.

Her Nov. 21, 1956 heifer calf is being retained in the herd.

Calrossie Princess Morna: One of the most valued brood cows in the herd. Note her excellent background.

An Interesting Story

The Waterloo Cattle Breeding Association purchased from us two outstanding full brothers Aberfeldy Nugget, for \$1,300, in the 1852 Onetrno Government Bull Sale and Aberfeldy Orchid, for \$1,500, in the 1952 Aberfeldy sale. Both were sired by Crichtan Drambie.

From 1953 until September 1956, there were 8,722 first service cows bred to Aberfeldy Nugget. This is by far the largest number of any bull in the unit.

From 1953 to the end of August 1956, there were 3,469 first service cows bred to Aberfeldy Orchid. These figures do not include cows bred to Orchid through three of their stations.

As Waterloo said in their ad in the February issue of the Canadian Shorthorn News, "Thousands of calves in this area are of better quality because of these full brothers."

*----- So that exactly the right nick
will be provided . . .*

The success of Aberfeldy Shorthorns in the hands of their new owners traces directly to the unusual knowledge of Shorthorn and Shorthorn background of Aberfeldy owner, Reford Gardhouse. It is an unusual program that offers unique buying opportunities.

In the first place, the entire Aberfeldy calf crop is sold each year. The best are not topped off and reserved for the herd. This immediately adds quality to any offering. Herd replacements are selected from the best that is available in Scotland.

Secondly, the cost of imported females sold in this sale is amortized generally through two sales. Quite often the imported mother sells one year, her imported-in-dam calf the next, or vice versa. That is why Reford Gardhouse can make a go of it by selling to you a good imported cow at the same price he paid for her in Scotland — and often less — and you get them well along in calf to one of Aberfeldy's great herd sires. There are dozens of instances where the calves received in dam by buyers from Aberfeldy sales have brought more than the original purchase price.

The Aberfeldy cow herd is one of the greatest in the world. See them together on sale day. Four great imported bulls head the herd. Each affords an unusual combination of the genes of Scotland's best producers. In this way Aberfeldy is able to provide exactly the right nick with every mating. Since all but three of the cows at Aberfeldy are imported, it is just a matter of selecting the Aberfeldy herd sire with exactly the right combination of genes for each mating.

Kair Nonpareil Favorite (Imp.): A beautiful daughter of Corrimony Golden Sovereign that we bought back from the Pimmetts. She is the dam of the top selling female at the 1956 Congress sale, going to Mr. R. Peterson, Elkhorn, Wisconsin.

The first prize group of three calves, 1955 Canadian National Exhibition. All bred at Merrybrook and sired by their senior herd bull, Kirkton Grand Alliance.

MERRY BROOK

We are pleased to have as an associate in this sale our good neighbor W. H. "Tiny" Merry. His herd is located just across the road from Aberfeldy. We urge everyone to stop and see the Merry Brook cow herd and their impressive herd bulls.

The Merry Brook herd has been assembled carefully over a long period of years through the consistent purchase of the finest offered for sale. Many of the cows are imported, and we are proud that a few of the very best were selected from Aberfeldy offerings.

Last year one of the top females in the Aberfeldy sale, an eleven-month-old open heifer, Merry Brook Clipper Ethel, was purchased for \$1,250 by W. G. and Dan McCubbin, Elkhorn, Nebraska. This year Merry Brook offers another strong draft of four females and one bull. The senior herd sire at Merry Brook is Kirkton Grand Alliance, \$4,000 top of the 1953 Campbell sale, and out of the well known Clipper Eorget-Me-Not, a \$4,200 daughter of Kirkton Baronet.

Merry Brook is a family operation, and every member of the family is a breed booster.

Merry Brook Clipper Ethel. Purchased from Merrybrook in the 1956 Aberfeldy sale for \$1,250 by W. G. and Dan McCubbin, Elkhorn, Nebraska. She is by Marellbar Essander, the sire of lot 50.

Reford Gardhouse, judge of the 1952 Perth, Scotland show and sale, is shown congratulating Captain John MacGillivray, Calrossie, leading winner at Perth that year.

It makes a difference . . . From Whom you buy

When you invest your dollars in herd improvement there is an important intangible often overlooked. That is the judgment of the man from whom you buy. It is his careful judgment and knowledge that makes the difference between a highly profitable and a mediocre purchase for you.

Reford Gardhouse was selected by The Scottish Shorthorn Breeders' Association to judge the Perth Show and Sale in Scotland, 1952. This is the greatest show and sale of Shorthorns in the world. His decisions at that event were acclaimed by all, his judgment backed up by the sale prices and further justified by the breeding record of his champions and top prize winners. He has been selected to judge Perth again next year.

Your purchases in the Aberfeldy sale are backed by double judgment. First, that of Reford Gardhouse in the assembly and breeding of the offering. Secondly, your own judgment from this fine group as to just which individuals fit your needs. Reford Gardhouse's thorough knowledge of the performance of the individuals in every pedigree is part of the bonus you receive with each purchase in the Aberfeldy sale.
